## The impact of HS2 on Plumley and Cheshire East

Government plans to build a high speed rail link, known as HS2 Phase Two, threatens the future of local villages and countryside within Cheshire's Tatton constituency.

The preferred route passes through Winsford, Middlewich, Lostock Green, Lostock Gralam, Plumley, Pickmere, High Legh, Bucklow Hill, Rostherne and Ashley before heading towards Manchester Airport. It is possible that four trains an hour will run from Manchester to London with additional trains between Manchester and Birmingham.

The proposal will decimate Cheshire's countryside both during and after construction, Cheshire Wildlife Trust and other conservation organisations have been vocal about the threat to endangered wildlife, ancient woodland, forests and wetlands due to the proximity of the proposed route.

### Have Your Say .....

Informal engagement activities including preparation for public consultation for Phase Two will take place this Spring and consultation will be ongoing throughout 2013. It is expected that by the end of 2014 the government will announce their decision on the final route, stations and depots.

So, what can we do now? Contact your MP at <http://highspeedrail.org.uk/> or at <http://www.georgeosborne4tatton.com/content/contact-form>. Contact Cheshire East Council by emailing: - [HS2Enquiries@cheshireeast.gov.uk](mailto:HS2Enquiries@cheshireeast.gov.uk) or calling 01270 686022. Cheshire East will be presenting views to the Department for Transport and HS2 to challenge them to review their plans.

Currently there is a government consultation on compensation for an Exceptional Hardship Scheme for property owners who are adversely affected by the proposals. The **consultation closes on April 29, 2013.**

<p>In the last issue of the newsletter we informed you that as part of the Local Plan, Cheshire East Council has produced draft Development Strategy and Emerging Policy Principles documents.</p> <p>In the article we invited comments on the Local Plan, which were to be sent to the Clerk.</p> <p>The Parish Council met on 25th February to finalise the formal response from the Parish which has now been submitted via the Cheshire East Web site.</p> <p>The consultation period for this document is now closed.</p> <p>In summary this version of the Local Plan is a sound document, however, there were some points of note which were raised in our response.</p> <p>A full copy of the response to the Local Plan submitted by the Parish Council will be available on our website shortly.</p>	<p>On Sunday 24th February our retiring 2012 Rose Queen Emily Lawton did choose at random from a 'hat' our 2013 Rose Queen. Well done to all those who assist in keeping the station smart; your continued help will be much appreciated.</p> <p>You will be familiar with the Mid-Cheshire Rail Users Association running an annual train excursion from this in May. Unfortunately, this year there have been operational problems which have prevented this outing. However, there is a degree of optimism that an alternative late Summer trip can be arranged; details will be circulated later.</p>
<p><b>At one with Nature</b></p>	<p><b>Upcoming Events at Plumley Village Hall</b></p>	<p><b>Plumley Village Hall Committee</b></p>
<p>The days are getting longer, the birdsong is increasing and the recent sunshine is tempting us all back into the outdoors. So what can we be doing at this time of year to support our Cheshire wildlife and get our gardens to grow?</p> <p>The birds are starting preparations for nesting season, so setting up nest boxes in your garden is timely. The persistent frosts and cold nights means that food may still be in short supply, so ensure hanging feeders are topped up for the likes of bluetits, chaffinches and greenfinches, and scatter food on the ground for blackbirds, thrushes, starlings and other birds that feed from the ground.</p> <p>February is also a good time to plant trees and hedges – particularly bare rooted fruit trees and soft fruits before their next growth spurt in Spring. Once berries have been eaten by birds and wildlife, it is wise to trim and neaten hedges before nesting season begins. Existing apple and pear trees can be pruned and perennials can be divided and split at the root balls and replanted to increase the density of the summer flowers in your borders. <i>Sarah Kym McLoughlin Holly Cottage</i></p>	<p>Rural Touring Arts Network Production this year will be '<b>In Praise of Elephants</b>' on Saturday 4th May. **Police Dog handlers seek support from the public**

Cheshire Police are asking local breeders, suppliers and the general public if they would like to donate suitable dogs or bitches for the purposes of training them to work alongside the police dog handlers.

Ideally, the police dog handlers are looking for a German Shepherd or Alsatian dog, or Mallinois dog aged between 12 months and 2 years old. The dog must be confident around people and other animals and enjoy the interaction.

Because of the training that the handlers put the dogs through, it is also essential that the dog meets with the following criteria:-

**What makes a good training dog?** A dog with confidence and with

plenty of energy and enthusiasm

**Friendly in nature**, i.e., wagging its tail and not aggressive around the public

**Playful** – likes to run after a ball once thrown and

**A good nose** – as some of the training will focus on searching for and finding toys when they are hidden out of sight

However, please note that dogs that have been reported to the police following any complaints made by the public are not being considered.

For anyone who has a dog they would like to donate, can you please ring and ask for Mike Jones on 01606 362681. For more information on police dogs please visit [cheshire.police.uk](http://cheshire.police.uk).
